

Roberto Monay - "2008 Dazzler of the Year"

Roberto Monay, Maintenance Technician, was selected by his fellow colleagues as the "2008 Dazzler of the Year", The Heathman's award recognizing the efforts of colleagues to "dazzle guests with our relentless attention to detail".

Hired as a Houseperson just a week after the Heathman opened in 10/07, Roberto's skills were quickly recognized prompting his transfer into the Engineering department in 11/07. A few of Roberto's attributes named by his colleagues as reasons for receiving "Dazzler of the Year" included his contagious enthusiasm, "can do" attitude, and winning smile. Roberto truly mirrors The Heathman's belief that "Service is Still an Art".

All of the colleagues and ownership at The Heathman Hotel wish to congratulate Roberto and thank him for his true dedication to guests and for inspiring each of us to "dazzle" every day.
